Meet, engage, share and learn during this informational event featuring presentations by industry professionals. We'll highlight important excavation and damage prevention issues of local, state and national interest to all industry stakeholders. We'll end with an opportunity for public discussion of ideas to improve the current system, protect our valuable infrastructure resources and enhance public safety.

*Free Parking * Free Refreshments & Lunch
*Door Prizes to be given away during the event

About SSOCOF: Sunshine State One Call educates Florida’s excavators on calling 811 before digging to prevent utility service outages, injuries, hefty fines and high repair costs. We offer advanced technology, flexible learning solutions, online communications and special promotions designed to simplify your life and improve the efficiency of your work processes...and it’s all free. Visit our website, www.callsunshine.com, for more information. Safe digging is no accident. One free, easy call to 811 gets utility lines at your jobsite marked AND helps protect you from injury and expense. Know what’s below. Always call 811 before you dig.
